[Quad Classes Results](#)

[Side X Side Classes Results](#)

[Kids Classes Results](#)

[Expert Classes Results](#)

[Beginner Classes Results](#)

[Amateur Classes Results](#)

More results will be posted as they are available.

Please keep in mind that the extremely muddy conditions caused a small number of problems for our scoring systems, as they would with any scoring system. We issued two RFID tags to each rider (twice the cost) in an effort to double the likelihood of riders being scanned, yet a very small number of riders still had scanning issues. We issued number stickers as a redundant scoring method and the mud pretty much ruined those. We'll have a solution for that for next year. With that in mind we're doing our best to analyze the results and provide the fairest and most honest results possible.

We thank you for your patience.

Please direct scoring questions to hosscoreing@jctra.org
